

### Quality hot water is on tap 24/7 with the FilterFlow range of water boilers.

Easy to use and cheap to run, the reliable FilterFlow range of water boilers offer high output from a minimal footprint.

Do your employees have to wait in a queue to make a cup of tea at break times? Do you sometimes struggle to deal with a rush of customers asking for teas and coffees all at once? With FilterFlow, these scenarios cease to be a problem.

Whatever your output requirements, you'll find a boiler to cater to your needs. FilterFlow boilers are connected to the main water supply, meaning there's always a steady supply of piping hot water.

### Ideally suited for...

### A reliable supply of quality filtered hot water whenever you need it. There's no need to wait with the FilterFlow range.

FilterFlow boilers can provide solutions for a variety of applications where a steady flow of high quality hot water is a must. Places such as:

Offices and staff rooms

Break times can be busy times in offices. Especially when everyone wants a cup of tea at the same time. The FilterFlow water boilers efficiently provide hot water on tap, making the whole process much quicker.

Cafes

Do you often get that moment when there's a rush of customers descending on your cafe at the same time, all in the mood for a relaxing cup of tea or coffee? Serve them quickly and efficiently with the FilterFlow water boiler range.

**Benefits at a glance**

- High quality boiling water 24/7
- High output from narrow footprint
- Easy to use
- Cheap to run
- Connected to the mains water supply

**NEW!**

# Wall Mounted Automatic Water Boilers

The M3F, M5F and M7F provide a **robust, British-engineered quality water boiler** with a range of features at a **competitive price!**

- Available in 3, 5 and 7.5-litre sizes
- Connected to mains water supply to deliver instant, continuous, high-quality boiling water
- Wall mounted, compact design
- Easy installation – UK 3 pin plug and three screws
- Built-in water filtration system, complete with FilterFlow’s popular high-volume easy to change cartridge
- Adjustable water temperature from 70°C – 96°C
- Precise electronic temperature control system
- LCD information panel
- Enhanced multi-level diagnostics
- Easy clean stainless steel finish
